52) I have inspected the spot on 22/2/50 along with the Mayor, Mpl Commissioner & the Mpl Engineer. Heard the representation of Adaganda people. I think, the new proposal seems to be less complicated. It is natural that whenever we propose to acquire a private land, there will be objection. But the present proposal is less objectionable when compared to the previous one. I have no objection to approve of the present proposal submitted by the Commissioner. Sir,

I am forwarding herewith a copy of this office letter No A/25/6220 dated 30-8-1947 addressed to the Special Land Acquisition Officer, Bangalore City Municipality, Bangalore protesting against the acquisition of land for burial ground near the Indian Dairy Research Institute, Bangalore and the reply No LI C 1125/38-39 dated the 8th July 1949 from the Municipal Commissioner & Land Acquisition Officer, City Municipal Offices, Bangalore intimating that the above petition has been rejected by the Municipal Council at their meeting held on 14-6-1949 and further resolved to take possession of the lands immediately

to The reasons under which the above action was objected by the Indian Dairy Research Institute are already given in our letter of 30-8-1947. It is a matter of surprise how in spite of that, the Council rejected it without giving due consideration and resolved to take possession of the lands immediately I, therefore, request you to kindly go into this matter and advise the Municipality not to carry out their resolution We are also drawing the attention of the Government of India, in regard to this and informing them that the starting of a Cremation and burial ground so near our students' hostel is most undesirable and that they should take up this matter with the Government of Mysore

The favour of an immediate action on the matter is requested

Yours faithfully,

Subject - Acquisition of land for burial ground near the Indian Dairy Research Institute, Bangalore

With reference to the Government of Mysore Notification No L1082-ML 23-47-3 dated 17-7-47, published in the Mysore Gazette III Part I on 31-7-1947, on the subject mentioned above, I have the honour to put forth ~~my~~ my protest, on the following grounds -

(1) The proposed burial ground will be very near the hostel of this Institute where about 80 ~~the~~ students are residing and their number is likely to increase soon

(2) It is detrimental to the health of the students apart from the feelings it may cause

(3) Many officers of this Institute are staying in the Cottages situated near about the proposed burial ground and their feelings and health may also be affected

(4) This is an all India Institute where important dairy research work is carried out The location of a burial ground in its proximity is undesirable

(5) This proposal was mooted in 1939 and again in 1941-42 when it was dropped on the joint representation made by the villagers concerned and by this Institute to the Minister in-charge of the Department, who inspected the area personally.

Under the circumstances it is requested that the proposal may not be pursued

15. Munivenkatamma Kom Doddalakshmaiah.
16. Adinarayana.
17. Nanjappa and other residents of Adugodi Lakkasandra and Chinnayyanapalya.

1. The petitioners are residents of the villages of Adugodi, Lakkasandra and Chinnayyanapalyam Dakhale of Lakkasandra in Bangalore South Taluk.

2. By a Government Notification Number L. 1082/Ml 23-47-3 dated 17-7-1947 published in the Mysore Gazettee III Part 1 dated 31-7-1947 ~~published~~ issued under Section 4 of the Land Acquisition Act, it was notified that some 36 lands situated in the villages of Adugodi and Lakkasandra nearly 100 acres in extent were proposed to be acquired for forming a cremation and burial ground for Bangalore City and objections of persons interested were invited. The petitioners who are either owners of a number of - these lands or residents of the neighbourhood of these - lands and as such would be prejudicially affected by the acquisition, preferred their objections on 30-8-1947 before the Special Land Acquisition Officer, Bangalore City Municipality in compliance with the said Notification under Sections 4 and 5-(A) of the Land Acquisition Act.

P.T.O.

The petitioners do not know to what effect the report (if any), of the said Land Acquisition Officer to the Government was. They believe that the report if at all must have been to the effect that it was not desirable to acquire the lands. However, no action was taken in the matter till quite recently so far as the petitioners are aware.

3. Recently, however the petitioners have received notices from Bangalore City Municipal Office bearing Number L.1-3-1125/38-39 dated 8-7-1949 to the effect that their objections were rejected by the Municipal Council at their meeting held on 14-6-1949 and that it had been - resolved to take possession of the lands immediately.

4. The petitioners submit that as the Notification above referred to was one published under Section 4 Under Land Acquisition Act and the Petitioners were required to file their objections before the Special Land Acquisition Officer whose duty it was to make a report to the Government after necessary enquiry and as the final decision on the question of acquisition rested with the Government as - provided in Section 5-(A), the resolution of the Municipal Council dated 14-6-1949 referred to above rejecting the Petitioners objections is absolutely ultra vires and invalid.

5. However, as the Petitioners apprehend that the Municipality may proceed to take possession of the lands in pursuance of the said resolution, the Petitioners beg to file this petition and make the submissions hereunder set forth for the kind consideration of the Government.

6. The lands selected for this purpose are between the villages of Adugodi and Lakkasandra. The petitioners produced before the Land Acquisition Officer a sketch - showing the lands at Adugodi proposed to be acquired and their situation in relation to the portions of Adugodi village wherein residential and other buildings many of which are worth 30 to 40 thousand rupees are situated

6

situated and also the Imperial Dairy Farm and the Hostel attached thereto. In the said sketch the village site and other portions of the village containing costly - structures are shown in green. The Imperial Dairy Farm and attached grounds were shown in blue and the lands - selected for the crematio and burial ground were shown in red.

7. The following facts will be clear from the - sketch and the records -

(a) The lands proposed to be acquired for the formation of the cremation and burial ground are very - close to the villages of Adugodi and the Students' Hostel attached to the Imperial Dairy Farm which are situated on either side of Bangalore Hosur Road and also to Lakkasandra and Chinnayyannapalya. They are also quite close to the Mental Hospital and Wilson Garden Extension.

(b) The place is hardly 20 yards from the - Students' Hostel attached to the Imperial Dairy Farm Institute and less than 30 yards from the residential - houses in the south west of the village. There are also several residential buildings in Survey Numbers 94 and 95 Several buildings in the proximity of the site are worth over Rupees 40,000-0-0. The Munichinnappa Middle School which has been recently erected in Survey Number 93 is quite close to the site.

(c) The bounds of Bangalore City and the Civil ~~and Military~~ Station, Bangalore and the Imperial Dairy Farm Institute are very close to the locality. The effect of the lands being acquired and converted into cremation and burial grounds would be to render the aforesaid Hostel and numerous other buildings situated in the vicinity of the site quite unhealthy and otherwise unsuitable for residence. The villagers and the staff and students of the Institute would thus be very seriously inconvenienced while the value and usefulness

usefulness of the buildings in the neighbourhood would be reduced to next to nothing.

(d) It may be stated that there is a Piggery in one of the lands which would also be affected as a result of the location of the cremation and burial ground in the place selected.

(e) Inhabitants of Chinnayyanapalya and Lakkasandra which are situated close to the site in question would be likewise seriously inconvenienced and affected in the same manner as the inhabitants of Adugodi village.

(f) It is possible to find other more suitable and convenient locality for the purpose of the cremation and burial ground. The petitioners would point out that the land to the south of the Civil ~~and Military~~ Station cremation and burial ground which is situated to the west of the Hosur Road could very well be ~~utilised~~ utilised for the purpose for which acquisition is now proposed ~~proposed~~.

(h) In the event of the present proposal being sanctioned and the lands being acquired as proposed, the Petitioners and numerous other people in the village would be rendered homeless and would be otherwise put to serious loss, inconvenience and hardship.

8. Recently, a site has been selected in the vicintly for locating the Police Traning School. The construction of the School is in progress. Nearly Rupees3,00,000/- worth of work has been executed till now. The location of the cremation and burial grounds in the proposed spot would be objectionable by reason of its being close to this Institution as also to the Mental Hospital and - Imperial Dairy Farm and the attached Hostel.

9. The petitioners further beg to state that in 1939 when there was a proposal to locate the cremation and burial ground in the site in question, a representation was made to the then Dewan, Sir Mirza Ismail, who after

after local inspection promised the villagers that the site would not be selected for the purpose and that some other plot of land would be selected. Later on in the year 1941-1942, there was again a proposal by the Bangalore City Municipality to locate the cremation and burial ground in the lands now proposed to be acquired. There upon, the inhabitants of Adugodi village and others including the authorities connected with the Imperial Dairy Farm Institute and the attached Hostel petitioned to the Government - protesting against the selection of the land for the aforesaid purpose. Thereupon, the concerned Minister - inspected the locality and ordered that the proposal to locate the cremation ground in the lands in question be abandoned. A personal inspection of the locality will disclose that the decisions previously arrived at are correct

10. The Petitioners pray

(a) That the Government be pleased to refuse to approve of the aforesaid resolution of the Bangalore City Municipal Council dated 14-6-1949.

(b) That sanction the necessary under Section 5-(A) of the Land Acquisition Act be refused, and

(c) That (if any such sanction has been accorded the Government be pleased to direct witdrawal from the - proposed acquisition

SUBJECT Acquisition of certain survey lands in Adugodi and Lakkasandra Villages, for formation of Burial and Cremation grounds.

***

With reference to your reminder letter No.L.17558 dated 13-1-1953 calling for a report on the above subject, I write to state that the residents of the said villages filed another objection petition before the Ex.Commissioner on 4-4-1952 and the matter was reserved for spot inspection Then the spot was inspected on 15-7-1952 with due notices to the residents and it was decided to proceed with the acquisition of survey numbers as per modified proposal approved by the Corporation at their meeting held on 8-3-1951 and the same was approved by Government in their letter No L 8841 dated 15-11-1951.

Since the preliminary notifications have been published in the Gazette in the year 1947, it is possible that there may be number of changes in the ownership of the lands proposed to be acquired and the final declaration statements have to be prepared after ascertaining the names and addresses of the present owners of the lands in question Accordingly a letter has been addressed to the Deputy Commissioner, Bangalore District for issuing necessary instructions to the Amildar, Bangalore South Taluk, to furnish the names and addresses of the owners of survey numbers 78 to 85, 88 and 89 of Adugodi Village.

p.t.o.

After the receipt of required information from the concerned Amildar, final declaration statements will be prepared and sent to Government for sanctioning the acquisition.

ACQUISITION IN CERTAIN SURVEY NUMBERS IN ADUGODI AND LAKKASANDRA VILLAGES FOR FORMATION OF BURIAL GROUNDS,

---

The preliminary notifications for the acquisition of certain lands in Adugodi and Lakkasandra Villages for the formation of Burial and Cremation grounds by the Bangalore City Municipality were published in Notification No L 1082/M1 23-47-3 dated 17th July 1947 The estimated cost of acquisition is Rs 53,225/-

In response to the above notification, it is reported that the residents of Adugodi, Lakkasandra and Chinnayanapalya have filed objections, requesting that the acquisition may be ordered to be dropped The Director of the Dairy Research Institute has also filed an objection to the effect that, on account of the proximity of the area to the Institute and the hostel attached to it etc , the proposal may not be pursued

The City Improvement Committee considered the objections on 6th May 1949 and have resolved that the objections be rejected The Municipal Council have approved the said resolutions on 14th June 1949 Endorsements have also been issued accordingly to the petitioners

The Municipal Commissioner reports that the matter is referred to the Municipal Engineer for submitting a detailed ~~report~~ plan after demarcating the portion of Survey numbers as per Hissa Survey and index of land records to enable preparation of final declaration statements The final declaration statements have yet to be received in the matter

In the meanwhile, there is a request from the
